Why choose **Look After Me** to look after you?

Hi I'm Julia,

I live in Rotorua. As a woman travelling by myself, I didn't always feel safe.

In vulnerable moments I sometimes wished I had someone to 'look out for me.'

You know, share local knowledge then point me in the direction of delicious food and wondrous places to explore at my own pace.

I knew there had to be a better way for visitors to **genuinely connect with people and places** than feeling scared travelling by yourself or worse, taking bus tours to hotel chains, to be treated like a credit card checking in.

I wanted guests to experience the real New Zealand – the warmth of our people,

the magic of our places, for fair prices. To create new travel memories, feel safe and enjoy life.

So, in 2011, ahead of the Rugby World Cup, I started the 'Look After Me' accommodation network.

It's about empowering people to feel confident to travel by themselves, or in small groups. It's about trusting our accommodation hosts to provide quality care and attentive service — hallmarks of **The Look After Me Way**.

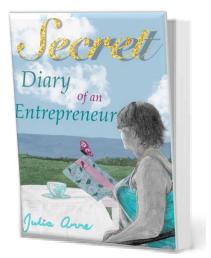

Since 2011, our "virtual hotel" has looked after over 27,000 guests — mainly singles, couples, baby boomers and active retirees. We offer a range of self-contained units, holiday houses, bed and breakfasts, homestays and Lodges all over New Zealand.

Although quality accommodation remains at our core, like many tourism companies – during Covid-19 – we pivoted! We decided to accentuate **Look After Me** as a **brand for 'Wellness'** by creating a writer's retreat called **Thee Write Away**.

Fortunately, this coincides perfectly with...

...my secret and passionate love affair with writing!

This is your invitation to free your voice & tell your story!

I know how hard this is because for over 20 years I'd been writing in secret!

It took every spare moment, in and around work and family life, but up until recently, I was not willing or ready to share my stories.

Happily, I'm finally out of the closet and Secret Diary of an Entrepreneur is in production! Secret Diary of a Writer and Secret Diary of a Woman are well underway!

I learned how to free my voice and tell my story!

It was so liberating! If I can do it, so can you!

The joy of "write-seeing" and "write-being" around the lakes and forests near Rotorua, helped me clear my head and focus on exactly what story I wanted to tell.

The intensity of this creative inspiration has fuelled my desire to share this amazing destination and learning experience with other writers.

Learn from the best writing teachers and authors, stay in gorgeous accommodation, soak salubriously and come and meet me or get clarity with one of our local book coaches.
